## Fort Shafter Notes

[Special Star-Bulletin Correspondence]

**FORT SHAFTER, March 6.**—Lieutenant J. B. McDonald, inspector general, was an early arrival at the post today for the purpose of taking up the annual garrison inspection of the troops stationed here. As required by regulations the first of his duties that was taken up was the inspection of the money accounts of the disbursing officers and similar money affairs of administrative offices. Later the entire affairs of the post will be inquired into by the inspector, including drill, administration, property accountability and condition of the same and all other matters of like importance. Owing to the large size of the garrison now at Fort Shafter it is probable that the inspection will not be completed before the end of next week.

Leave of absence for one month with permission to visit the mainland has been granted 2nd Lieut. Edward L. Hoffman, 2nd Infantry, and he will take advantage of the permission upon the departure of the Logan. Lieutenant Hoffman is taking leave to accompany his mother to the states. Mrs. Hoffman has not been in good health for some time and has decided to try a change in climate and surroundings.

Colonel P. H. French, Major E. V. Smith and Major H. O. Williams have been appointed members of a board of officers to meet at this post at 2 p. m. today, or as soon thereafter as practicable, to mark examination papers in the garrison school course in the examination conducted yesterday.

Finding for the libellee and dismissing the libel in admiralty brought by Attorney George A. Davis for Kaulana, a laborer, against the Oahu Railway & Land Company and McCabe, Hamilton & Renny, U. S. District Judge Clemons this morning gave his decision in the suit for damages. Kaulana asked \$1000 for a broken leg sustained in an accident when he was helping load sugar on a vessel in the local harbor. The court holds that the fellow servants and not the employers, were responsible for the accident.

## MANY FRIENDS FELICITATE MR. AND MRS. TENNEY ON 25TH ANNIVERSARY

In celebration of the 25th anniversary of their marriage, Mr. and Mrs. Edward D. Tenney last night entertained several hundred friends at a reception at their beautiful home at Pensacola and Lunalilo streets. Mr. and Mrs. Tenney were married in Honolulu in 1888 and since that time have made their home in Honolulu, and it was a brilliant gathering which extended their well-wishes and congratulations on the eve of a quarter of a century of married life.

The spacious rooms of the Tenney residence had been transformed into veritable bowers of floral prettiness. Cut flowers, palms and ferns, and potted plants were arranged in delightful profusion, the whole contrasting with the handsome gowns of nearly 300 of Honolulu's most prominent matrons and misses. The color scheme for the occasion was remarkably carried out in pink, silver and green, while hundreds of shaded electric lights threw a glow over the brilliant setting.

At the head of the receiving line was Mr. and Mrs. Tenney. With them stood E. Faxen Bishop and Mrs. Kittie Bodrero, who, at the Tenney wedding 25 years ago, acted as best man and bridesmaid respectively. Looking remarkably well in a beautiful gown, Queen Liliuokalani, who for years has been a friend of the Tenneys, assisted in receiving, and was among the first to extend congratulations to the host and hostess. Others in the receiving line were Miss Wilhelmina Tenney and Vernon Tenney, children of the couple; Mrs. Curtis P. Laukea, Mrs. Julia Macfarlane and Mrs. Helen Noonan. During the reception, Mr. and Mrs. Tenney were the recipients of numerous cables of congratulations from friends on the mainland.

Hundreds of pieces of silverware, the gifts to Mr. and Mrs. Tenney from their many friends, were displayed in a spacious room on the second floor. A massive silver service from the employees of Castle & Cooke brought to the minds of those present that, beside being the 25th anniversary of his wedding, yesterday also was the 25th anniversary of the date when Mr. Tenney became affiliated with the firm of Castle & Cooke.

In the gardens adjoining the house a large covered pavilion for dancing had been erected, to which the guests repaired after the formalities of the reception. A brilliant moon shed a silvery light over the gathering, in keeping with the strains of Hawaiian melody which floated over the floor to the dancers. Dancing was continued until a late hour during which time delicious refreshments were served. It was one of the most brilliant functions which Honolulu folk have witnessed in years.

## NEW TRIAL OF BERT BOWER ON MARCH 16

Jury Fails to Agree and Is Discharged—Will Hold Next One for Decision

George A. "Bert" Bower must undergo a new trial on the statutory charge for which he has been on trial in federal court the last week, the jury announcing after six hours and 10 minutes' deliberation last night that it could not agree. The next trial is set for Monday, March 16. Shortly after U. S. District Attorney McCarn finished his address yesterday afternoon the jury retired, leaving the courtroom at 4:30 p. m. Its final announcement of disagreement was made at 9:45 o'clock last evening. There are many conflicting stories around town concerning the jury's attitude, one report being that it stood 9 to 3 for acquittal, and another that it was just the reverse.

The Star-Bulletin was furnished with the following statement this afternoon:

"Honolulu, March 6, 1914.

"Dear Sir: In regard to the Bower case the morning Advertiser states that 'the jury is said to have stood nine for conviction and three for not guilty.' This statement is erroneous. After consultation with seven of the jurors who sat on the case we were informed that the jury stood nine for acquittal and three for conviction.

"We believe that this correction should be made public in justice to George A. (Bert) Bower whom we represented at his recent trial in the federal court.

"Trusting that you will give this letter publicity, we beg to remain,  
"Respectfully yours,  
"E. A. DOUTCHITT,  
"L. M. STRAUS.

"Attorneys for George A. (Bert) Bower."

This is the second hung jury that has resulted in federal court since Jeff McCarn's advent as prosecuting attorney here, entailing a second trial and considerable additional expense. As a result it is rumored that the next jury failing to arrive at a verdict will be compelled to deliberate an indefinite length of time, if the district attorney's suggestion to the court is accepted.

It will be remembered that an earnest effort was made both by the defense and the government to obtain a

## ROOF GARDEN CONCERT

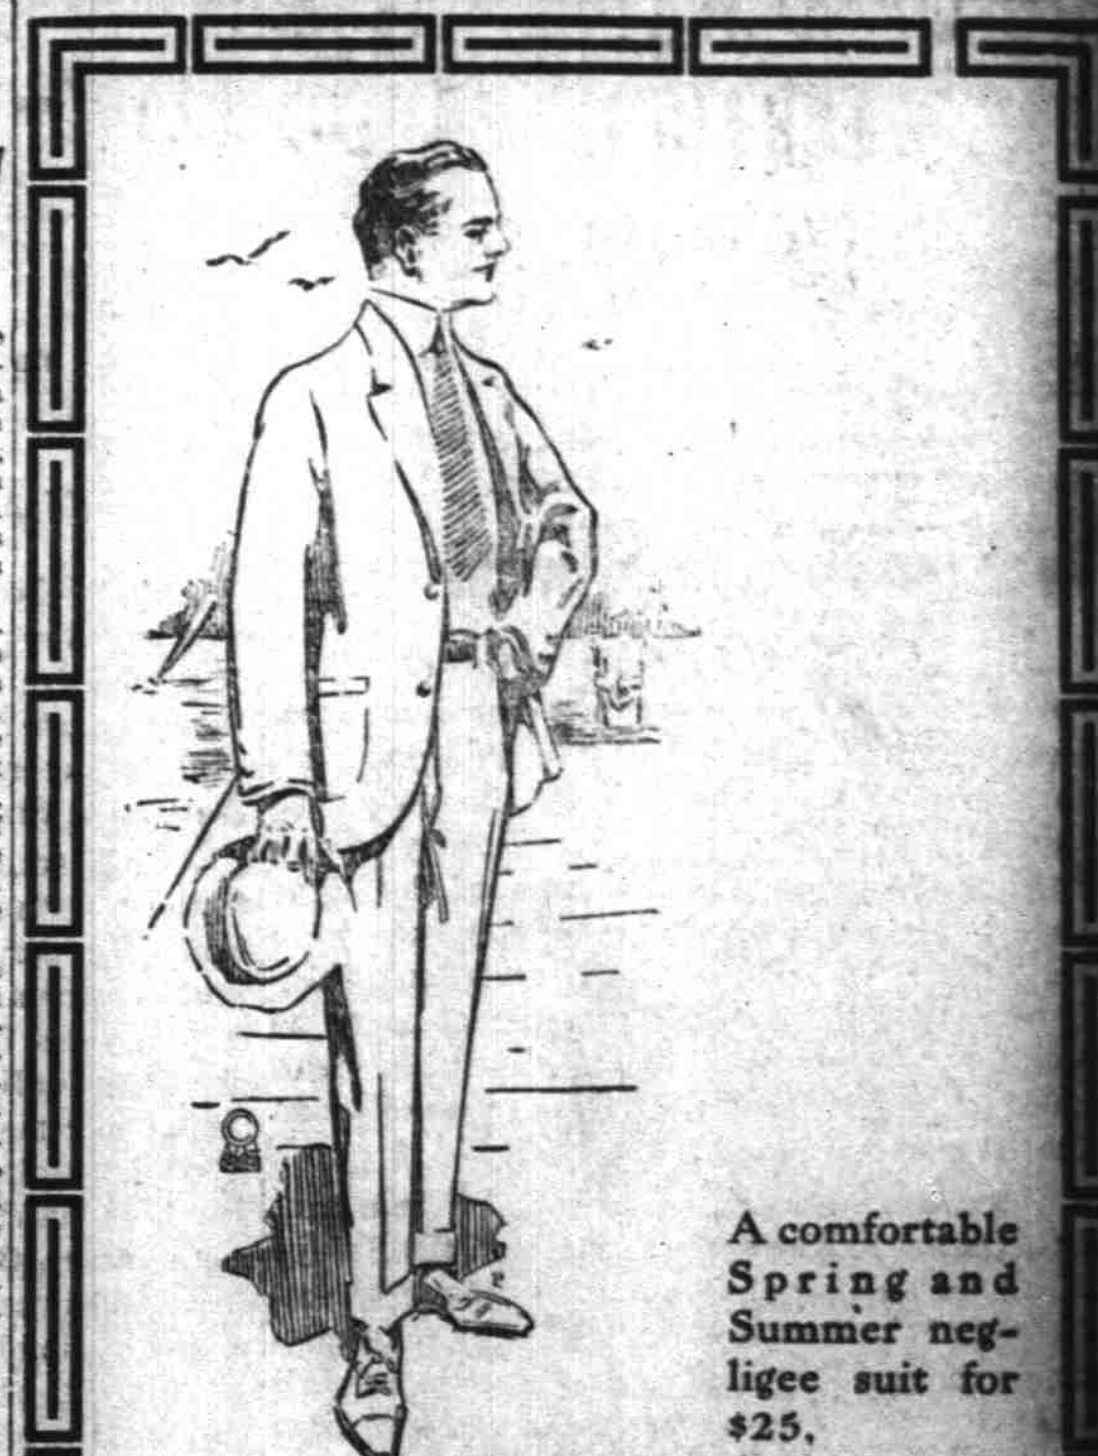

The usual Popular Concert will be given tomorrow (Saturday) evening on the Roof Garden of the Alexander Young Hotel, beginning at 9 o'clock. Professor Carl Miltner has prepared an excellent program and the public is cordially invited.—advertisement.

Prefaced by the address delivered by President George R. Carter at the recent annual meeting, the annual report of the Honolulu Chamber of Commerce for the year ending August 31, 1913, today was issued from the press. The report this year is more extensive than ever before and contains, besides the proceedings and accomplishments of the organization during the past 12 months, a world of valuable information on matters concerning these islands. The report of H. P. Wood, treasurer of the chamber, shows the finances of the organization to be in good condition, there having been \$149.70 in the treasury at the end of the last fiscal year.

Aside from a resume of the many important meetings which the chamber has held during the past year, the report contains many articles of local interest on subjects continually in the public eye. For information, such as cable rates, forts and roasts of Oahu, Hawaii at the exposition in 1915, Hawaii and the sugar tariff, report of the health committee, Hawaiian sugar crop, 1912-13, report on harbor work and shipping, report of legislative committee, reorganizing China as a republic, record of Hawaii's coffee exports, sales on Honolulu stock and bond exchange, sanitation of the Pacific, scientific work on Hawaiian volcanoes, sugar plantations in Hawaii, 19 Hawaiian sugar crops from 1904-13, territorial conditions, the prize peace essay, United States customs service, and the United States post office.

good jury, each side exercising every prerogative challenge permitted it by law, the prosecution removing six prospective jurors and the defense removing ten.

The jury which failed to reach a verdict in the Bower case consisted of L. C. Ables, foreman; Harry A. Wilder, John Williams, Ernest Parker, H. C. Carter, Herman Lemke, Arthur K. Jones, Carl A. Widemann, R. H. Worrall, W. P. Johnson, James W. Harvey and John S. Grace.

**The CLARION**

A. B. LECKENBY MAKES  
COMPLAINT OF WAGON  
AT FORT AND KING STS.

A. B. Leckenby of Kahana, a frequent visitor in Honolulu, registers a strong protest against the presence at the corner of King and Fort streets of a vendor's cart, stating it as his belief that the wagon eventually will be responsible for a serious accident. Mr. Leckenby states that he narrowly escaped running over a woman at that busy corner this morning, as a result of being unable to see the crossing on account of the presence of the cart. He reported the matter to the police department where, he states, he received but slim encouragement.

"It is a wonder to me," said Mr. Leckenby, "that there has not been a serious accident on this corner long ago. I am a very careful driver and had it not been for the fact that I was driving very slowly I am sure that the woman would have been knocked down and probably seriously injured. Neither she or I would have been to blame, for the simple reason that she could not see my car on account of the wagon and I could not see her for the same reason. I reported the matter to the police and was informed, in a half-hearted manner, that it would be attended to. 'If this wagon can obstruct the street I would like to know why others could not do the same thing? If others were to appear on the other corners of this intersection it would make the streets almost impassable. Something should be done and steps should be taken towards the removal of this nuisance immediately.'
